

ABOUT JK

JK auto accessories was established in 2009, our company has been dedicated to providing customized protective products for high-end OEM clients. Our clientele includes renowned Italian automotive brands, well-known American car cover and seat cover manufacturers, professional motorcycle cover brands from the Netherlands and Germany, as well as top British online product retailers. Over the course of 15 years of robust development, our product range has expanded to include **car covers, automotive seat sets, motorcycle covers, boat covers, focklift covers, pet mats** and more, establishing a rich series of standard products for your selection.

We are committed to providing high-quality services, products, and design concepts, and possess strong capabilities in product design, development, and manufacturing. We focus on the research and development of ODM products, which have garnered widespread praise among clients and have helped our clients seize market opportunities and create sustained value.

To ensure efficient and controllable management, we strictly adhere to the ISO9001 quality system and have introduced advanced pattern-making, spreading, and cutting equipment. These investments have significantly improved our production efficiency, reduced labor costs, and enhanced the precision of our products' cutting, creating favorable conditions for the manufacture of high-end products.

Our philosophy is to provide our clients with property protection while also beautifying their lives. JK Auto Acc sincerely welcomes you to join us in creating a better life together.
