With Warranty Card

FlashFish

TSP18V60W

**Foldable Solar Panel
Monocrystalline silicon**

High Efficiency

Thank you for purchasing the [60W 18V Solar Panel Charger].

Please read this user guide carefully and understand the contents before use, in order to use this product correctly.

We hope that it will be helpful especially for customers who use this product the first time. In addition,

we recommend to always keep this manual.

Technical Specification

Model	TSP18V60W
Solar Cells	Monocrystalline silicon
Product Dimension	17.95×16.41in (folded) 32.76×17.95in (unfolded)
Weight	4.19lb
DC Output	18V/3.34A(Max)
USB	PD-Type-c (45W) ×1, QC3.0 USB (18W) ×1
Wattage	60W
Cell Efficiency	21.5%-23.5%

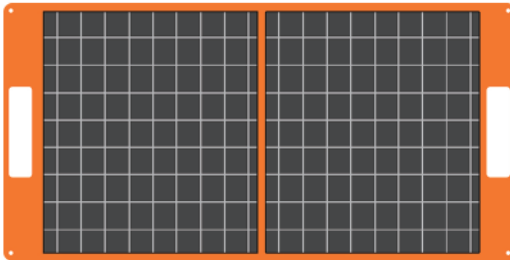

Contents:

- 18V/60W Solar Panel x1
- 18V DC Cable 5.5x2.1mm x1
- 8mm Connector x1
- 5.5x2.5mm Connector x1
- 3.5x1.35mm Connector x1

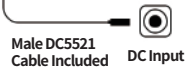

Connections:

To ensure maximum possible output we recommend that the solar panels are regularly re-aligned to follow the sun's movement. Wipe the solar panel with microfiber cloth for maximum efficiency.

DC Output (18V/3.34A Max): Plug in the included 18V DC5521 cable to connect the solar panel and your portable power station

Flashfish 18V/60W Solar Panel

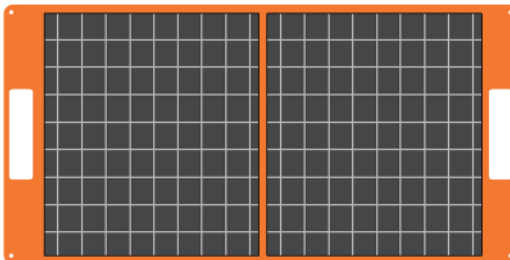

Compatible With:

DC 5.5*2.1mm
DC 5.5*2.5mm
DC 3.5*1.35mm
DC 8mm

USB Outputs: PD-Type-c (45W Max) + QC3.0 (18W Max)

Plug in your usb cable to connect the solar panel with your electronics

Flashfish 18V/60W Solar Panel

Charge For Your:

Telephone
Tablet
USB Light
USB Fan
More

Note:

1. Solar panel charge conversion depends on the angle of direct sunlight, temperature, weather, charging time
2. Always face the front side of solar panel toward the sun to get maximum efficiency
3. Please make sure the solar panel is completely unfolded when using
4. Solar panel can not store power, can only convert the sun power to electricity energy

Safety Tips:

- Do not bend the solar panel or the panel will be broken.
- Do not immerse the solar panel in winter.
- Do not clean the solar panel with water, with the wet cloth gently scrub it.
- Do not use or store the solar panel near sources of heat such as fire or heater.
- Do not put the solar panel into a fire or apply direct heat to it.
- Do not pierce the solar panel casing with a nail or other sharp object, break it open with a hammer, or step on it.
- Do not attempt to disassemble the solar panel in any way.
- This product cannot contact with strong corrosive objects.
- Do not charge automotive battery directly.
